EMPLOYMENT SERVICES

As I am sure you are all aware by now the MLC 2006 has been ratified and will enter into force on the 20th August 2013.

For those of you who are yet to decide on what you need to do next to prepare for the convention entering into force, Lesia has launched its MLC 2006 modular Training Programme. The training allows attendees to choose from a variety of modules covering every aspect of the convention, from general background to the specifics in each of the Titles. Lesia has an ILO qualified trainer of Maritime Labour Inspectors who will be delivering the training and for those opting for the full programme, attendees will receive a certificate to verify their completion of the course.

Details of the modular training programme can be found on our website under the MLC tab and then MLC Training.
